

JAYNE'S CARMINATIVE BALSAM

Is a certain, safe, and effectual remedy for Dysentery, Cholera, Cholera Morbus, Summer Complaint, Cholera, Griping Pains, Sour Stomach, Sick and Nervous Headache, Heartburn, Waterbrash, Pain of the Stomach, Vomiting, Spitting up of Food after Eating, and also where it passes through the bowels unchanged; Vant of Stomach, flatulency, inability to Sleep, Wind in the Stomach and Bowels, Hysterics, Cramp, Nervous Tremors and Twitchings, Sea Sickness, Headaches, Menstrual and Lowness of Spirit, fretting and crying of Infants, and for all DOWEL AFFECTIONS and NERVOUS DISEASES.

This is one of the most efficient, pleasant, and safe compounds ever offered to the public for the cure of the various disorders of the stomach and bowels, and the only article worthy of the least consideration in the treatment of CHOLERA INFANTUM or SUMMER COMPLAINT; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for without exception, it is one of the most valuable family medicines ever yet discovered. Hundreds, nay, thousands of persons have been relieved from Physicians, Surgeons, and Families of the first respectability, bearing the strongest testimony in its favor, too numerous to publish.

For sale at the Bookstore of R. FARNHAM, corner of 11th and Penn. Ave., and at the most respectable Drug Stores in the District.

Dr. D. D. Jones, Dear Sir—Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing that those who are afflicted with any of the above complaints will find relief in the use of this valuable medicine.

J. N. A. GOING, D. D., President of Granville College, Ohio.

Dr. J. W. Woodruff, Salem, N. J., May 20, 1837.

From a long acquaintance with Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholera, Cholera Morbus, Dysentery, Disorders of the Stomach, Cholera, and Affections of the Breast, together with all those diseases attended with sourness of the Stomach; and believe that physicians will find it a useful remedy in their hands, and that it is proper for domestic use, and can be put into the hands of persons at large with perfect safety.

Wm. B. AGON, M. D., Baltimore, March 27, 1833.

Dr. J. W. Woodruff, Dear Sir—You ask me what proof I can give of the efficacy of your Carminative Balsam. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedily and perfectly relieved.

When introduced into a family, it is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaints of children, it has frequently appeared to snatch the little victims, as it were, from the jaws of death. It saved the life of my child, and of such and such a child. I have repeatedly heard said, "In dysentery affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours. I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it. Respectfully,

M. L. KNAPP, M. D., Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution.

Baltimore, N. Y., July 19, 1836.

I can certify that I have used Dr. Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases.

WILLIAM S. ELLING, M. D., Physician to the Cumberland N. J. Alms-house.

WORMS! WORMS! WORMS!!!

Of all diseases to which children are exposed, none are so fatal to them as worms. Unfortunately, children are often free from them, and as they increase, the symptoms of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death. The best remedy ever yet known is

DR. JAYNE'S TONIC VERMIFUGE,

which is perfectly safe, and so pleasant that children will not refuse to take it. It effectually destroys worms; neutralizes acidity or sourness of the stomach; increases appetite, and acts as a general and permanent Tonic, and is, therefore, exceedingly beneficial in Intermitting and Remittent Fevers, Indigestion, &c., and is a certain and permanent cure for FEVER and AGUE.

It not only destroys Worms, and invigorates the whole system, but it dissolves and carries off the superabundant bile or mucus so prevalent in the stomach and bowels of children, more especially of those in bad health. This mucous torments the bed of rest in which worms produce their young; and by removing it, it is impossible for worms to remain in the body.

It is harmless in its effects on the system, and the health of the patient is always improved by its use, and when no worms are discovered. Numerous testimonials of its usefulness have been received, which the proprietor does not consider necessary to publish, yet to give the reader an idea of its vermifuge powers, he will mention a few cases. He gave it to his little nephew, not four years old, and in a few days he discharged upwards of thirty pieces of worms. He also gave it to his daughter, then about three years old, when it brought away thirty worms in one night.

Joseph Thompson, near Salem, N. J., administered this Vermifuge to a child between two and three years old, and says that in a few days she discharged one hundred and twenty-seven large worms.

Dr. Joseph A. Kent, of the Penn' Township Savings Institution, in this city, gave it to one of his children, and says that after the sixth dose it brought away about fifty worms at once, five and six inches long.

Ferdinand Woodruff used two bottles of this Vermifuge for DYSPEPSIA, and in the course of two weeks discharged upwards of thirty pieces of TAPE WORMS, and was thereby perfectly cured.

Another gentleman of this city had administered it to his little daughter, about three years old, when she had a number of discharges from her bowels, composed entirely of little white thread worms. He says, "they came away from her, not only by hundreds, but I may truly say, by thousands, separately and in solid balls as large as hickory nuts, composed entirely of dead worms."

DRYOT'S ANTI-BILIOUS PILLS

As a family medicine, a mild, gentle purgative, and purifier of the blood, the general use of these celebrated Pills throughout the United States for forty years past, and the strong recommendations they have acquired from all classes of our fellow citizens, places them in a much more elevated situation in public estimation, than any other remedy, which has heretofore been introduced.

The following are among the many diseases for which Dr. Dryot's celebrated pills are so deservedly distinguished for curing. By their counteracting properties in removing the bile from the stomach, they prevent and cure the bilious fever, chills or ague and fever, spring and fall fevers, yellow fever, bilious cholera, dysentery, worms, bilious vomiting, sick and full stomach.

By cleansing the bowels and stomach from all impurities, they restore the appetite; remove flatulency; cure the headache, habitual constipation; colds; coughs; asthma; epileptic fits; hypochondria; hysterical complaint; strangury; gravel, &c.

By a general and copious use, they will be found very beneficial in curing the rheumatism and gout, lumbago or pain in the back. All impurities in the blood yield to their happy effects, whether proceeding from constitutional ailment or from a general impurity of the blood.

These celebrated pills have been found to be very great advantage in curing the dyspepsia, or indigestion, biliousness, liver complaint, &c.

They are an infallible medicine for Female Complaints generally, and especially for removing those obstructions which are the source of their ailments at certain periods, they possess the eminent advantage over most other purgatives, that while they operate gently, they produce neither costiveness, debility, nor too great excitement.

Whenever there is a predisposition to receive disease from malarial influences, from a cold taken up with an ague, or from a vitiated state of the bile, these pills will assuredly counteract it.

They are highly recommended to travellers by sea or land, and may be made use of without change of diet, and in situations where no exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates; they cleanse and remove bilious humors, open obstructions and promote the secretion of good bile, operate as an easy cathartic, as a powerful diuretic, and as a purgative.

Dr. Dryot's strong conviction of the power of his pills to relieve the afflicted, recommends the use of them to those who are in health as well as the afflicted, at least once a fortnight during the spring and summer months, in which he feels assured those who attend to his advice will find the benefit they seek.

A bill of directions accompanies each box of Pills. Take notice—each box is sealed with a wax, stamped with the Proprietor's coat of arms, and signed

T. W. DRYOT, M. D., and T. W. DRYOT, Jr.

For sale at the Bookstore of R. FARNHAM, corner of 11th and Penn. Ave., and at the most respectable Drug Stores in the District.

DR. JAYNE'S TONIC VERMIFUGE.

THIS valuable medicine is offered to the public with the confident assurance of its superior efficacy as a remedy for worms. It not only expels the worms, but prevents the return of them, by removing the weak state of the digestive organs, which is the principal cause of their return. It also removes the superabundant mucus so prevalent in the stomach and bowels of children, and which forms the bed of rest in which the worms produce their young.

In doubtful cases, where there is a general derangement of system from want of due action in the liver and a debilitated or torpid condition of the stomach and bowels, the TONIC VERMIFUGE gives speedy relief by cleansing the stomach and bowels, and stimulating the liver to healthy action—the appetite is speedily restored, and the pale and sunken countenance gives place to the plumpness of face, and the ruddy tinge of health.

The following general testimonials are established in Philadelphia, where the medicine may be had Wholesale and Retail.

1 Tisser's Rheumatic Drops 25c .75
1 Vicker's Embrocation 25c .75
1 Robertson's Worm Destroying Lozenges 50 1.00
1 Dryot's Tooth and Gum Drops 25c .75
2 Dryot's Fasting Lich Ointment 50 1.00

The whole amounting to \$3.00
Discount for cash, 25% making Chest No. 1 2.25
Contents twice the above in Chest No. 2 4.00
Contents three times the above in Chest No. 3 6.00

Remember these are the Forty Years' tested Medical Preparations. In the contents of each Medicine Chest will be found a remedy for every disease to which the human body is subject. It is for these, and these only, that we hold ourselves accountable for the performance of that which they are set forth; and to highly patronized and recommended by all classes of our fellow-citizens, and in case of failure, when they are used agreeably to the directions, the money will be returned by applying at the FOUNTAIN HEAD, No. 143 North Second street, Philadelphia.

T. W. DRYOT & SONS.

For further particulars, see DRYOT'S ORACLE OF HEALTH. Copies of which can be had gratis, by applying at the office, No. 143 North Second street, or of such persons as keep the above medicines for sale.

For sale at the Bookstore of R. FARNHAM, corner of 11th and Penn. Ave., and at the most respectable Drug Stores in the District, where each on the bill can be procured Separately.

DYSPEPSIA. To subvert the sufferings of humanity, to ameliorate the pangs of disease, is the grand object of medical science. This is efficiently demonstrated in the healing virtues of D. C. BENJAMIN BRANDRETH'S PILLS. The cures effected by this medicine would fill volumes.

Views on indigestion as a source of undefined and irregular Nervous Sensations.

"I, small at first, grow larger from delay, And slowly eat their sad and cankerous way; Thus by successive throes, the frame is torn, Till health and peace of mind alike are gone."

The nerves of the human body—those necessary and mysterious agents which immediately connect man with external nature—are singularly prone to have their functions disordered by an oppressed condition of the stomach; the minute termination of that portion of the nerves expanded upon the organs of digestion, and the morbid impression to the brain.

And though the Head can, undoubtedly, like other organs, be the seat of primary disorder, yet, in the great majority of cases, the uneasy sensations there experienced are symptomatic of disordered stomach; and further, there is abundant evidence to prove that cruditates in the stomach & bowels can, in every grade of human existence, give rise to spasmodic action in every organ of the body, and whether we survey it in the agonizing form of the Tic Doloréux, or the alarming convulsions of the Epileptic seizure, or in the irritable condition of the nerves of the heart, occasioning nervous palpitation—they can all frequently be traced to the source above mentioned, and be cured by mild evacuant and tonic remedies.

To relieve a state of so much suffering and distress (in which body and mind so participate) BRANDRETH'S PILLS are confidently recommended; as, by combining aromatic tonic and clearing properties they remove all opposite accumulations, strengthen the stomach, induce a healthy appetite, and impart tranquility to the nervous system, and, in fact, by their general purifying power upon the blood, exert a most beneficial influence in all cases of disease.

DYSPEPSIA CURED.

BENNINGTON, Vt. Dec. 31st, 1843.

Dear Sir—I wish to add my testimony to the host of others that you have in favor of your valuable pills. In the year 1838, I was attacked with that disagreeable complaint, the Dyspepsia, which so affected me that I could not take a particle of food, without the most unpleasant and uncomfortable sensations in my chest, head and bowels. My chest was so sore that I could not bear the slightest pressure without giving me pain. My health was most miserable; many physicians told me they thought I was in the consumption, and that if I did not give up my business, and change climate, I could live but a short time.

I tried every thing in the shape of medicine, and consulted the most skillful physicians, but found no permanent relief. I became discouraged, gloomy, sad, and sick of life; and, probably, ere this, should have been in my grave, had I not felt in with your precious medicine. A friend of mine, who had been sick of the same complaint, advised me to try your pills; but having tried most other medicines without obtaining any relief, had but little faith that your pills would be of benefit to me; but, at his earnest solicitation, I procured a box, and commenced taking them.

The first box produced little or no effect, and I began to despond, for fear that your medicine would prove like others I have taken; but my friends argued that one was not a fair trial, and I purchased a second, and before I had taken the whole box I began to experience a change! the pain in my chest began to be less painful, and my food did not distress me so much as formerly. I went on taking them until I had taken six boxes, and my Dyspepsia was gone, and my expectation of an early death vanished, and I felt like a "new creature." I was then, and am now a healthy man. I have never since been troubled with the Dyspepsia. I have administered your pills to the members of my family, and to my friends, and in all cases with good success. You can publish this if it will be of any use to you. I am, dear Sir, truly yours,

J. L. COLE, Publisher of the State Banner.

Dr. Brandreth's Principal Office, 241 Broadway, New York.

Sold by R. FARNHAM, Washington; and by one Agent in every city and town in the United States.

Also, a large assortment of juvenile works, by the most approved authors, this day received by

GARRET ANDERSON.

SANDS'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

Scrofula, or King's Evil, Throat, Obsolete Cutaneous Eruptions, Pimples, or Pusules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomachic Ulcers, Syphilitic Symptoms, Sciacula, or Lumbago, and Diseases arising from an injudicious use of Mercury, Aches, or Drops, Exposure or imprudence in life. Also, Chronic Constitutional Disorders will be removed by this preparation.

To promote the health of the body and increase the tranquillity of the mind, are among the most important objects for which man lives, and for which the sages of antiquity labored with incessant and unremitting toil. The constitution of man was their study, in order to discover the seat of his maladies, and source of all his corporeal misery. To alleviate the drooping spirits, to inspire confidence in the deploring mind, and ease the sorrowed heart, all the arts and arguments of their philosophy and powers of reason were turned. Among the varied branches of worldly learning, there can be none equal in importance, to that of the Healing Art, for the soul in a diseased body may be aptly compared to the martyr in his dungeons, which retains its real value, but has lost its usefulness. Many of our diseases have their origin in an impure or impoverished state of the blood, and this being a fluid sui generis, extending to the most minute ramifications of the system, the subtle poison is infused, and the seed being sown brings forth fruit in abundance; in one instance, causing a swelling of the glands, resulting in Scrofula, or King's Evil—in another, ossification of the arteries, or turning them into bone; also, rheumatism, and disease of the heart, cutaneous eruptions, diseases of the liver, and a variety of other maladies, which soon hurry their victim to the grave.

Sands's Sarsaparilla, a purely vegetable medicine, which is the result of years of labor and chemical research, in bringing it to its present state of perfection, will arrest, and, if timely administered, perfectly cure these diseases, by purifying the vital fluid, regenerating the constitution, dispelling diseased action, giving tone to the general energies of the system, and enabling the blood to course on freely, and bringing with it health and renewed vigor.

The following are extracts from letters recently received, and specimens of those coming to hand daily:

GALLATIN, Tenn., Feb. 27, 1844.

Messrs. A. B. & D. Sands—

Gentlemen: I have just received a letter from my father in Russellville, Ky., who wishes to purchase some of your Sarsaparilla. I have no doubt he can be the means of selling a great deal, as it has performed a wonderful cure in his family. Last December, I was sent for to see my sister, before she died, she having been in poor health for some two or three years, and at the time I went over to see her, she was at the point of death with the scarlet fever and a cancerous affection of the bowels, from which her physician thought she could not possibly recover.

I carried over with me a bottle of your Sarsaparilla, and with the consent of her physician, she commenced taking it that night. I remained with her three days, and left her rapidly improving. Her husband sent a boy home with me, for more of the Sarsaparilla. I sent one dozen bottles, which I believe will effect an entire cure. My father writes me to that effect, and wishes through me to procure an agency for selling your valuable medicine in that neighborhood. Respectfully, J. M. OWENS.

New York, Dec. 1, 1843.

Messrs. Sands—

Gentlemen: Parental feelings induce us to make the following statement of facts in relation to the important cure of our little daughter, wholly effected by the use of Sands's Sarsaparilla. For nearly three years she was afflicted with a most inveterate eruption on the body, which at times was so bad, connected with internal disease, that we despaired of her life. The complaint commenced in the roots of the hair, and gradually spread until the whole head was enveloped, and then it attacked the ears, and ran down the neck, and continuing to increase, until it covered the most of the body. It commenced with a small pimple or pustule, from which water at first discharged; this produced great itching and burning, then matter or pus formed, the skin cracked and bled, and the pus discharged freely. The sufferings of the child were so great as almost wholly to prevent natural rest, and the odor from the discharges so offensive, as to make it difficult to pay that particular attention to the nature of the case required. The disease was called Scald Head and general Salt Rheum. We tried various remedies, with little benefit, and considered her case almost beyond the reach of medicine, but from the known virtue of your Sarsaparilla, we were induced to give it a trial.

Before the first bottle was all used, we perceived an improvement in the appearance of the eruption; but the change was so rapid for the better, that we could scarcely give credence to the evidence of our own eyes. We continued its use for a few weeks, and the result is a perfect cure. To parents we would say—if you have a child suffering with any disease of the skin, use Sands's Sarsaparilla. With feelings of gratitude and respect, we are yours, &c.

ELIHU & SARAH SOUTHAMPTON, No. 95 Madison street.

ELIZABETH TOWN, N. J., Dec. 2, 1843.

Messrs. Sands—Gentlemen: It is with heartfelt gratitude for your kindness to me that I make a public acknowledgment of the benefit I have received from your Sarsaparilla. I have been for many years afflicted with a cancer in the breast, and for four years it was, as I thought, incurable; it spread very fast, so that it had nearly covered the whole breast, and for many weeks I was so reduced with the loss of blood and the pain of the wound, that I was unable to turn myself in bed and my sufferings during the whole winter were more than I can tell. With the advice of my friends, I called two of the most eminent physicians of the place, who recommended your preparation of Sarsaparilla, knowing of nothing that would be as likely to help me; which advice I readily received; and before I had taken one bottle, I found a change in my feelings, which induced me to take more, and when I had taken the third bottle, I was like another person both in health and strength. I have taken your preparation since last March, and although the wound is not entirely healed, it is in a very favorable state, and I believe it will be the means, ultimately, of my entire cure; and that the afflicted may all find the relief which it alone can give, is the wish of their and your friend,

EUNICE WOODRUFF.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.

Prepared and sold wholesale and retail by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton street, New York.

Agents in Washington city—ROBERT FARNHAM, Bookseller, Pennsylvania avenue, corner 11th street; and R. S. PATTERSON, Druggist, corner of Pennsylvania avenue and 9th street.

In Alexandria—W. M. STABLER & CO.

In Baltimore—Dr. J. A. REKD.

Sold also, by Druggists generally, throughout the United States. Price, \$1 per bottle—six bottles for \$5.

The public are respectfully requested to remember that it is Sands's Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject; and ask for Sands's Sarsaparilla, and take no other.

ap2—

BALDNESS—BALM OF COLUMBIA, FOR THE

BALM, which will stop it from falling out, or restore it on bald places, and on children where it grows rapidly, so that those who have lost their hair from any cause.

ALL PERSONS that intend the heads of children in schools, are presented with it at once. Find the name of COMSTOCK & Co. on it, or never try it. Remember this advice.

RHEUMATISM AND LAMENESS, positively cured, and all shrivelled muscles and limbs are restored, in the old or young, by the LINIMENT VESICANT, and NERVE AND BONE LINIMENT—but never without the name of Comstock & Co. on it.

PILES, &c., are wholly prevented, or
